

Dill rig HURRIKAN for Horizontal Directional Drilling

Features:

- Launching from shaft or with launch ramp from surface
- transferable in Thrust Boring Machine for auger drilling
- universal bracing in shaft with front and backside spindle

Technical DATA:

tool length:	1.000 mm
stroke:	1,175 mm
total length:	1,920 mm
width:	816 mm
height approx.	660 mm
torque at 180 bar:	1,660 Nm
thrust/pull force at 200 bar:	110 kN
speed at 75 l/min:	120 r.p.m
rod size:	45/35 mm
weight:	560 kg
